A JATHISH KRISHNA K S

SOFTWARE ENGINEER | FULL-STACK DEVELOPER | AI ENTHUSIAST

jathishkrishna45@gmail.com • github.com/jathishkrishna • linkedin.com/in/jathish-krishna-424289382

PROFESSIONAL SUMMARY

Computer Science and Engineering student interested in software engineering, full-stack development, and practical applications of AI. Building hands-on projects while strengthening programming fundamentals, frontend development, and problem-solving skills. Seeking internship opportunities to contribute, learn from experienced engineers, and build useful software.

EDUCATION

B.E. in Computer Science and Engineering — Canara Engineering College
Expected graduation: 2028 | CGPA: 8.11 | Current semester: 5th

TECHNICAL SKILLS

Programming: C, Java, Python | **Frontend:** HTML, CSS, JavaScript, React | **Tools:** Git, GitHub

PROJECTS

Smart Shop — Completed
Shopping application project using Java, Spring Boot, MySQL, HTML, CSS, and JavaScript. Detailed feature and database integration verification is pending.

E-Commerce Website — Completed
E-commerce application project. Technology stack and feature implementation details will be added after verification.

Expense Manager — Completed
Personal finance application project. Technology stack and feature implementation details will be added after verification.

Real-Time Chat Application — In Development
Messaging application currently in development. Technology stack and implemented features are being finalized.
